Bishop of Washington Sends Pennants to Montreal.

PLEASED WITH OFFERINGS

Episcopal Funds Bountiful, and the Board of Missions Will Not Ask for Additional Assessments - Revised Edition of Handbook of the Cathedral Now on the Press.

That was an interesting ceremony which took place the other day up in Montreal, Canada, when Bishop Carmichael, Bishop of Montreal, was on his visitation to St. James' Church, Just before his sermon the bishop said he desired to express the gratification of the rector of the church at the pennants, which the congregation would see hanging at the entrance to the chancel, and which had been received as a gift from the Bishop of Washington shortly before. The pennants had been used for decorative purposes on the occasion of the laying of the foundation stone of the Cathedral of SS. Peter and Paul, and they had been presented through a former warden of the Church of St. James the Apostle.

Bishop Satterlee attended the board of missions meeting Tuesday last in New York, when the question of the disposal of the men's thank offering came up for consideration. There were a good many applications looking toward an increase in the appropriations for different kinds of work, all of which, of course, showed a very healthful condition, but, owing to the present financial strain, the board felt it incumbent to be almost ultra conservative in its attitude.

A revised edition of the new handbook of the cathedral, also the bishop's booklet, "The Cathedral of Washington and the Working Out of an Ideal," are both in the press, and may soon be looked for.

In view of the interest now being taken in the Cathedral, there is necessarily an increased desire to know just what place in church life and work a cathedral fills. This booklet of Bishop Satterlee's will supply what to very many is a real need.

Liver Pills
